

INTERNATIONAL CONFERENCE
“Water for Future Generations”

May 8 -11, 2008

Northwest Agricultural and Forestry University, Yangling, China

Eurasia-Pacific Uninet is pleased to announce the organisation of the international expert conference on **“Water for Future Generations”**.

This conference serves as a follow up activity of the conference on “Eco-Energies for Future Generations” and is organized in joint co-operation of Eurasia-Pacific Uninet, the University of Natural Resources and Applied Life Sciences, Vienna, as well as the Northwest Agricultural & Forestry University, Yangling. The main focus of this conference will be on water-related topics such as:

- Water Management
- Irrigation Water
- Drinking Water
- Hazard Water
- Industrial Water
- Hydro Power

The aim of this conference is to present and discuss new technologies and solutions for the management and preservation of water.

Interested research scientists of Member Institutions of Eurasia-Pacific Uninet are invited to participate in this conference. Proposal summaries (10 lines) for presentations shall be submitted **until February 1st, 2008**. The travel (maximum of € 1200, economy flight) and accommodation costs for speakers will be covered.

The tentative program and further details on this conference will be forwarded after the reception of all proposals.
