

SDG12 – SOLUTIONS FOR THE WASTE AND CHEMICAL POLLUTION CRISIS FROM A SOCIAL-INCLUSION AND GENDER PERSPECTIVE

Cases from Bolivia, Indonesia, Kyrgyzstan and Nigeria

A Side Event for the High-Level Political Forum on Sustainable Development

7TH OF JULY 2021
7:30–9:00 (NYT)
13:30–15:00 (CET)

[REGISTER HERE](#)

This event at HLPF 2021 is the global launch of a 4-country case-study, which has examined SDG12: Sustainable management of waste and toxic chemicals. The event features new insights into the social and gender dimensions of waste and chemicals, with speakers from each of the four countries in which the project took place, in dialogue with government representatives.

AGENDA

7th of July 2021 | 7:30–9:00 (NYT) | 13:30–15:00 (CET)
